

React

PLAYER ACTIONS: It's a race - can the defending team get into their pressing structure before the attacking team moves the ball into space?

KEY QUALITIES: Read game/make decisions

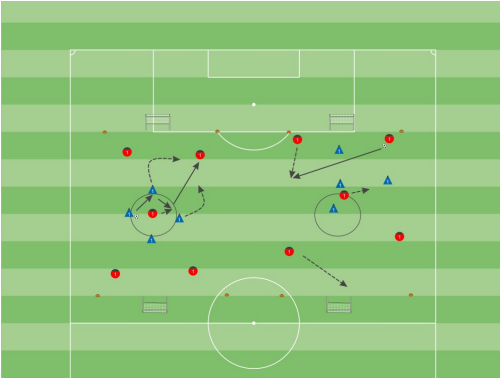

Ryan Heflin

AGE: U15 / U15 / 18 players

Attacking to Defending

Defending to Attacking

DURATION: 75 min

P1W1S3 E1 4v1 Rondo to Transition to Goal

OBJECTIVE: Who can react more quickly?

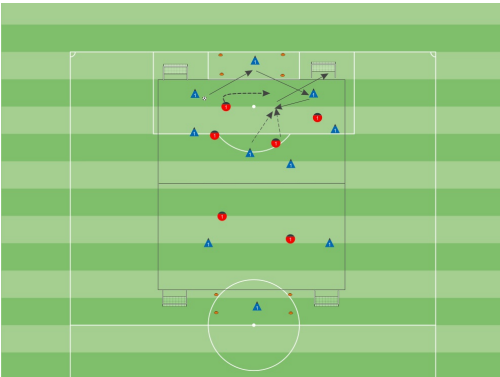

ORGANIZATION: Start with 4v1 Rondo in the middle, 4 players positioned around the outside, 2 gks in front of 2 goals (if players available). 1 Defender attempts to poke ball out of center circle to teammates, who then try to possess. 4 players immediately hunt and try to score in either goal. 10 passes for possession team is goal.

KEY WORDS: React, press, together, control

GUIDED QUESTIONS: Can we move the ball quickly into space? Can we control the attacking team's ball movement?

ANSWERS:

NOTES:

P1W1S3 E2 Two-Half Possession/Transition Game

OBJECTIVE: Who can transition more quickly?

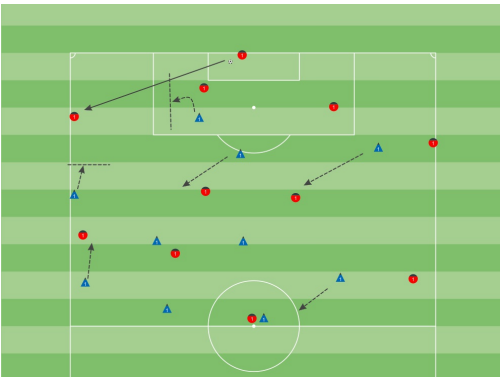

ORGANIZATION: 6v4 in each half (2 attackers/defenders or more transfer over if needed) with gks in unpressured box to provide support. Defensive team wins the ball and scores in either of the two small goals or plays to the keeper's hands for a goal. Attacking team completes 8 passes and switches the field for a goal.

KEY WORDS: Communicate, press, cover, force, cut off the line. Play quickly, find space, control.

GUIDED QUESTIONS: Where is the space? How can we force the opponent to play where we want them to play?

ANSWERS:

NOTES:

P1W1S2 E3 Offense vs Defense (Defensive Pressing)

OBJECTIVE: Force Opponent Centrally

ORGANIZATION: Offense vs Defense with 3 Lanes (call back to previous attacking session), Midfielders say when to trigger press

KEY WORDS: Cut off the line, force central, delay, pressure/cover

GUIDED QUESTIONS: Where do we want them to play it? How can we make it predictable?

ANSWERS:

NOTES:
