Session 07 Exercise 2 Introducing the Bounce Zone

OBJECTIVE: Duplicate the Midfield Bounce with Attacking Players to Keep Team Connected - Progression 1 - need combination play to score in bounce zone. Progression 2 - need combination play/3rd man run to shoot on goal.

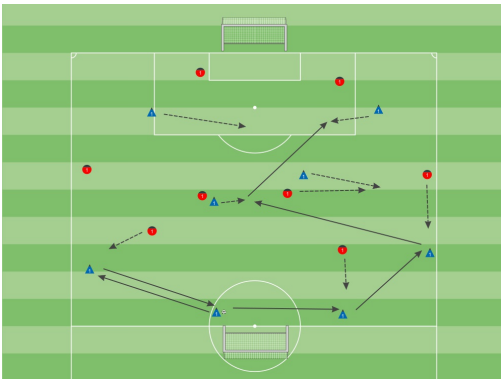

ORGANIZATION: Same as before (4 neutrals in endzones, central movement and progression) but now, to score, the neutral players have to play it back to the team with one touch and then move, and either they or another player has to receive it back with another 1 or 2 touches. So finish with a combination starting and ending in the endzone. Add a goal
